

Ship Shape! Cannonballs Germ Crusher

For Quarts

This is a phosphate-free formulation designed to provide effective cleaning, deodorizing, and disinfection for hospitals, nursing homes, hotels, schools, and restaurants where housekeeping is of prime importance in controlling cross-contamination from treated surfaces. This product, when used as directed, is formulated to disinfect hard nonporous inanimate environmental surfaces such as floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bathtubs, and cabinets. For larger areas such as operating rooms and patient care facilities, this product is designed to provide both general cleaning and disinfecting. This product also deodorizes: garbage bins & cans, toilet bowls, and areas that are prone to odors caused by microorganisms. Formulated to a neutral pH that will not dull high-gloss floor finishes with repeated use.

Dissolves In Water

	Jar	Tub
Part	GMS2507JR	GMS2507TB
Size	3 gm	3 gm
Unit Yield	20 Quart	100 Quart
Number Per Part	20	100
Parts Per Case	12	8
Case Yields	240 Quarts	800 Quarts

Technical Data

Solubility in Water: Complete
pH at Use Dilution: 9.0-10.0
Color: Green
Fragrance: None
Phosphates: None
